Komal Kaur Dhillon

Aspiring Web Developer
Email: dhillonkomal59@gmaiI.com   **GitHub:** https://github.com/Komal290106

ABOUT ME

Aspiring Web Developer with strong skills in HTML, CSS, JavaScript, React, and Tailwind. Passionate about building responsive, user-friendly web applications with clean design and modern UI trends. Experienced in developing projects like e-commerce platforms and interactive websites, with a growing foundation in UI/UX principles. Actively participating in hackathons and continuously learning to enhance technical expertise.

TECHNICAL SKILLS

Frontend: React, TypeScript, JavaScript, Tailwind CSS, Framer Motion
Backend (Basics): Node.js, MongoDB
Tools and Platforms: Git, GitHub, VS Code, Vercel

PROJECTS

Uamore - Luxury Perfume Ecommerce Website

- Built a modern luxury ecommerce site using React, TypeScript, Tailwind CSS.
- Added smooth Framer Motion animations and pastel-themed UI.
- Fully responsive with a premium, minimalist design.

The Masala Tales - Fine Dining Restaurant Website

- Developed a React + TypeScript website for a fine-dining restaurant.
- Added dynamic menus, chef specials, and customer reviews.
- Included elegant Framer Motion animations with a mobile-first layout.

Komal 2.0 - Gamified Developer Portfolio

- Created an interactive portfolio using **React, Tailwind CSS, Framer Motion**.
- Features gamified scrolling, easter eggs, and light/dark mode.
- Fully responsive with smooth animations and playful UI elements.
